

GIACOMO NOGHERA

Racing and Sim-driver

PROFILE

I have been racing at amateur level since I was a 6 year old with a dream: driving a 20 year old Skoda through the woods in Sweden. Whatever. I have experience in Karting (many races, mostly Easykart and Rotax Max classes, and lots of NOLEGGIONI) and Endurance Racing (like 1 race but whatever). I'm an IT Management student in Stockholm – Sweden and I spend time racing and doing racing-related stuff.
